

Public and Media Comment

The Board of Directors and the Agency have a responsibility for assisting the public in understanding the purposes, operations, and results of the Agency. The Agency will provide for the development and conduct of a public relations program that will include the following:

1. Dissemination of information on Agency activities to the news media of the area as authorized by the Chief Administrator or designee.
2. Dissemination of information for promoting awareness and understanding of Agency programs and services.
3. Presentations to service organizations and other groups within the area on topics of general and special interest.
