

# Routes Traveled

## Central Rivers

### Code Requirements

Iowa Code 285.9 requires each Area Education Agency Board of Directors to:

- A. review and approve all transportation arrangements between districts in the agency and in all districts in the agency not operating high schools
- B. approve all bus routes outside the boundary of the district of the school operating buses

### Approval Process

The transportation arrangements cited in letter "A" above shall be collected in the spring of each year so tentative bus routes can be established during the summer months.

The route specific information cited in letter "B" above shall be collected in the fall of each year after bus routes are finalized.

### Permissible Situations

With permission of the impacted district, a school district's bus may operate beyond its borders to:

- A. reduce a road-related safety concern on a route
- B. create a more efficient/direct route
- C. transport special education students with established tuition in/out agreements
- D. transport private school students
- E. transport open-enrolled students
- F. transport homeless students/ foster care students to district of origin
